

# EMPOWERING COMMUNITIES, CHANGING LIVES

[www.matibi.ch](http://www.matibi.ch)

## Our Vision

Friends for Matibi envisions a thriving, inclusive, and sustainable community in Matibi, Zimbabwe, where all individuals have access to essential resources, opportunities, and a supportive network. We are dedicated to fostering unity, empowerment, and holistic development, creating a brighter future for the community and its people.

## Multi-Pillar Approach for Sustainable Progress

We believe that sustainably empowering a community is a very complex challenge that needs interdisciplinary solutions. Our approach focuses on four pillars.

### 1. Education

We provide scholarships, school supplies, and educational resources to empower children in Matibi to reach their full potential. Education is the foundation for a brighter future.

### 2. Health

Our healthcare initiatives include medical camps, health awareness campaigns, and support for local clinics. We believe that good health is essential for individuals and the community to thrive.

### 3. Food

We work towards ensuring food security through sustainable agriculture practices, community gardens, and nutrition programs. Nourishing the community ensures their well-being and vitality.

### 4. Income

We empower the community by supporting income-generating activities, vocational training, and entrepreneurship. Economic stability enables families to break the cycle of poverty.

## The Nook

The heart of our approach is "The Nook," a community center that brings all these pillars together. It serves as a hub for education, healthcare services, agricultural training, and economic empowerment initiatives. The Nook fosters collaboration, unity, and the exchange of knowledge, creating a thriving community. The nook as a community development instrument can be multiplied and scaled all over Zimbabwe and Africa.

## Get involved

- **Donate:** Your contribution supports our holistic approach to community development in Matibi.
- **Volunteer:** Join us on the ground and share your skills to make a direct impact on the lives of community members.
- **Fundraise:** Organize events or campaigns to raise awareness and funds for our initiatives.
